

Bahiya

P&H Sea Kayaks

Atlantic Kayak Tours Says: As this is a new line of kayaks for Atlantic Kayak Tours we don't have much to say yet. Over the next few weeks all the staff will be paddling the new P&H boats and reporting back. We will then update this page.

P&H Says: Although the Bahiya is one of P&H's most recent designs, it is aimed squarely at the sea kayaking traditionalists. Low sleek lines ensure the minimum of windage, the distinctive chines and a snug fit means that the kayak responds to every lean whilst its narrow beam ensures it slips effortlessly through the water.

Certainly not a kayak for the beginner, the Bahiya is best suited to experienced paddlers looking for a rewarding kayak to paddle or the enthusiastic intermediate looking for one to stretch them and keep them progressing along a learning curve.
